	Systems2win	Training Session Agenda Systems2win New User Training 101 —	
	ENABLING CONTINUOUS IMPROVEMENT		
		Getting over the Initial Learning Curve	
	Learners	New Users of Systems2win templates	
		Systems2win Instructor	
		2 hour webinar - held monthly	
	when	at various times convenient to different locations around the world	
	Whore	Join the meeting on the link sent to you from MS Teams.	
Objectives		Join the meeting on the link sent to you non Mo Teams.	
Objectives		To get over the initial learning curve to know how to use	
	Learning Objectives	and how to find help for ANY Systems2win template	
Pogistratio	n	Janu now to find help for ANT Systemszwin template	
Registratio		https://www.systems2win.com/forms/webinars.htm	
		Each participant should have Systems2win installed on their computer	
	Prerequisites		
		https://www.systems2win.com/c/addin.htm	
		and tested https://www.systems2win.com/c/install-user.htm#test	
Homework		nttps://www.systemszwin.com/c/install-user.ntm#test	
HOHIEWORK		It is very helpful (though not required) to	
	Бегоге	watch the Quick Start Training videos before this live training:	
		https://www.systems2win.com/c/QuickStart/index.htm	
	After	I) Immediately use what you have learned - doing real work	
	Arter		
		with templates appropriate for what you need to do next.	
		2) Save this Agenda where you can find it - to follow links to clarify	
		anything that wasn't fully digested the first time you saw it.	
		3) Complete the 2LearnExcel self-paced learning quiz,	
		and the self-paced learning exercises in the To Do List template.	
Minutes	Resources	Activity

	1	I low all of the and Continuous Improvement to all fit in
		How all of these Continuous Improvement tools fit in
		to a Typical Lean Journey to Lean Transformation
		https://www.systems2win.com/LK/lean/lean-journey.htm
		The ultimate purpose of every lean tool and method
		is to stimulate human thinking
		https://www.systems2win.com/LK/kaizen/reflect.htm
How to Find	and Open Templates	
		How to find and open your Systems2win templates
10		https://www.systems2win.com/c/QuickStart/index.htm
		How to open Word templates (through Excel)
		Tip: If there is ever an error, open Word, then try again
	A3Report.docx	Tip: View > Print Layout and Multiple Pages
		Exercise: Find & Open templates
		Use Systems2win menu to find and open your Tool Selection Matrix.
		Exercise: Use your Tool Selection Matrix
		to choose the right template
	1ToolSelection.xlsx	https://www.systems2win.com/solutions/BPI.htm#ToolMatrix
	mmon to many (or all) S	
60		When you've learned one - you've learned them all
	VSM.xlsx and	Help sheet, Sample sheet, pop-up help
	Yamazumi.xlsx	https://www.systems2win.com/c/QuickStart/index.htm
		Link Icons 🕡 🔷 🔊 🏙 🖺
		https://www.systems2win.com/c/worksheets.htm#hyperlink
		Link to web page could be any of these: 🗐 🏥 💇 🙋
		Anchor = Link within this same document
		Distribute to unlimited users in PDF format
		https://www.systems2win.com/c/portal/pdf.htm
		Exercise: Add hyperlinks —
	TrainingSession.xlsx	using both Link Icons and links that can be activated in PDF
	and VSM.xlsx	(If sheet is protected, unprotect it to add a hyperlink)
		Insert Sheet
	RunChart.xlsx and Pareto.xlsx	https://www.systems2win.com/c/insert-sheet.htm
		Link Data
		https://www.systems2win.com/c/worksheets.htm#linkCells
		Exercise: Insert Sheet and Link Data
	Homework:	Where to store and what to name your working document?
0	Self-Paced Learning	https://www.systems2win.com/c/StorageNaming.htm
		Filter and Dropdown Lists
	1TrainingMatrix.xlsx	https://www.systems2win.com/c/worksheets.htm#AutoFilter
	or Gantt.xlxs	https://www.systems2win.com/c/worksheets.htm#dropdown
		Exercise: Personalize a dropdown list, and use Filter
		Exercise: Copy Sheet (using Systems2win menu > Copy Sheet)
ĺ		https://www.systems2win.com/c/worksheets.htm#copyWorksheet
	5S.xlsx or	Switch between Translations & user-defined Substitute Phrases
	Assess.xlsx	https://www.systems2win.com/c/translations.htm
Excel Train	ing	
		Homework: 2LearnExcel Self-Paced Learning Quiz
ĺ		https://www.systems2win.com/c/worksheets.htm#LearnExcel
ĺ		and there are more self-paced learning exercises in the To Do List
ĺ	2LearnExcel.xlsx	template
20	ToDo.xlsx	https://www.systems2win.com/solutions/ToDoList.htm
		Insert Copied Cells
ĺ	FunctionalFlow.xlsx	(the single most important Excel skill you will ever learn)
ĺ	or Gantt.xlsx	https://www.systems2win.com/c/worksheets.htm#ShiftDownCopy
		Exercise: Insert and Move Cells
<u> </u>		Exercise: How to use Excel as a drawing tool
	Layout.xlsx	https://www.systems2win.com/c/MSdraw.htm
1	(or the Layout sheet in the Trial StdWork.xlxs)	Select Objects, Drawing Menus, Copy Shapes, Default Shape
	mai otuvvuik.xixoj	Journal Objects, Drawing Menus, Copy Shapes, Delauit Shape

Summarize an	d Review
5	Summarize and review what was learned
	Clarify next steps (see Homework - After)
Learning Eval	uation and Feedback
	Each participant: Top takeaways
5	What were the most valuable things you learned?
Right after the	session ends
	Remind that free tech support is available.
	https://www.systems2win.com/solutions/support.htm
	Remain available for Questions & Answers.
